

## Box Based Puzzles

**Direction (01-05):** Study the following information and answer the questions given below:

There are eleven boxes placed one above the other. Five boxes are placed between F and T. Not more than five boxes are kept above T. Two boxes are kept between T and M. Three boxes are kept between M and S and M is kept at one of the positions above S. There are only three boxes kept above the box J. One box is kept between R and S. Two boxes are kept between R and H. Box D is kept at one of the positions below box K and at one of the positions above box C which is not above R. Box E is kept immediately above K.

1. How many boxes are placed between J and R?  
(A) 5 (B) 6  
(C) 3 (D) 4  
(E) None of these
2. Which of the following statement is true regarding C?  
(A) C is placed at one of the positions above D  
(B) C is placed immediately below F.  
(C) R is placed just above C  
(D) C is placed at the bottom most position  
(E) None of these
3. Which of the following is not true regarding J?  
(A) J is immediately below box T  
(B) One of the boxes below J is D  
(C) Number of boxes between J and S is four  
(D) One of the boxes above J is K  
(E) One box is kept between J and M
4. Number of boxes above K is one less than the number of boxes below \_\_\_\_\_.  
(A) S (B) R  
(C) F (D) D  
(E) None of these
5. How many boxes are there between M and H?  
(A) One (B) Two  
(C) Three (D) None  
(E) More than three

**Direction (06-10):** Study the following information carefully and answer the given questions:

Eleven boxes A, B, C, D, E, F, G, H, I, J, K are kept one above the other. Box G is kept at fifth position from the top. Two boxes are kept between G and H. Box D is kept just above box H. There are as many boxes above box D as below box B. Five boxes are kept between box F and box K, which is kept at one of the positions below box G. Box A is kept at one of the positions above box F. Only one box is kept between Box G and Box C. Box I is kept above box E but not just above. Box E is not kept immediately above or immediately below box C.

6. What is the position of box I?  
(A) 8th from the bottom  
(B) 7th from the top  
(C) 3rd from the top  
(D) 6th from the bottom  
(E) none of these
7. How many boxes are kept between box E and Box H?  
(A) seven (B) six  
(C) five (D) four  
(E) eight
8. Which among the following statement is true regarding box J?  
(A) it is 7th from the bottom  
(B) Box K is placed above box J  
(C) only two boxes are kept between box B and box J  
(D) It is kept just below box H  
(E) All are true
9. Which of the following represents the boxes kept between boxes A and I?  
(A) C, B (B) A, K  
(C) F, G (D) J, D  
(E) none of these

10. Which of the following box is kept just above box B?  
(A) C (B) K  
(C) F (D) D  
(E) none of these

**Direction (11-15): Study the following information to answer the given questions.**

There are eleven boxes-C, P, D, S, L, K, Q, B, A, N, M placed one above another  
\* Three boxes between C and P.  
\* Two box between P and D.  
\* S is immediate above to D.  
\* One box between S and L, S is above to L.  
\* Three box between L and K.  
\* Q is immediate above to K.  
\* Two box between K and B.K is above to B.  
\* One box between B and A.  
\* N is below to A.

11. How many boxes between K and M?  
(A) Three (B) One  
(C) Two (D) None  
(E) More than Three
12. Four of the following five are belongs to a group, find which is not belong to a group?  
(A) S and P (B) A and M  
(C) K and N (D) P and Q  
(E) D and Q
13. Which is the following box is immediate above to B?  
(A) D (B) M  
(C) K (D) C  
(E) N
14. Which of the following boxes are placed in between K and B?  
(A) D,L (B) A,C  
(C) Q,K (D) B,N  
(E) No One
15. Which of the following box is placed on the top?  
(A) Q (B) C  
(C) D (D) S  
(E) K

**Direction (16-20): Study the following information carefully and answer the questions given below.**

Eight boxes are placed one above another. Box G is placed above box H. Three boxes are placed between box M and box N which is placed just above box P. Box Q is placed just above box G. Only one box is placed below box M. Box J is placed above box K and below box H.

16. Which of the following boxes placed at the topmost position?  
(A) J (B) K  
(C) Q (D) P  
(E) None of these
17. How many boxes are placed below box H?  
(A) Two (B) Three  
(C) One (D) None  
(E) More than three
18. If Q is related to P, G is related to H then, in the same manner N is related to \_\_\_\_?  
(A) G (B) Q  
(C) M (D) J  
(E) None of these
19. How many boxes are placed between G and Q?  
(A) Three (B) One  
(C) Two (D) None  
(E) More than three
20. Which of the following boxes is placed just above box J?  
(A) Q (B) N  
(C) M (D) P  
(E) None of these
